ALUMINIUM ALLOY DIE CASTING CONDUIT FITTINGS
ACCESSORIES

友聯金屬工業有限公司
PAN UNION METAL INDUSTRIES SDN. BHD.
(69172-T)

**LOOPING BOX
(PLAIN)**

**LOOPING BOX
(1 HOLE)**

**LOOPING BOX
(2 HOLE)**

**LOOPING BOX
(3 HOLE)**

**LOOPING BOX
(4 HOLE)**

MATERIAL : ALUMINIUM ALLOY

INTERNAL DIMENSION	59mm x 29.5mm deep
FIXING CENTRE	50.5mm tapped 2BA or $\frac{5}{32}$ " with tapped hole in base for earthing screw

EXTENSION RING

MATERIAL : ALUMINIUM ALLOY

INTERNAL DIMENSION	57.5mm x 31mm deep
FIXING CENTRE	50.5mm tapped 2BA or $\frac{5}{32}$ " with tapped hole in base for earthing screw

LID COVER

MATERIAL : GALVANISED STEEL

AVAILABLE SIZES(Inch)	$\frac{3}{4}$ "	1"	1 $\frac{1}{4}$ "	1 $\frac{1}{2}$ "	2"
------------------------------	-----------------	----	-------------------	-------------------	----

CONDUIT BENDER-4 LEGS

CONDUIT BENDER-2 LEGS

**TERMINAL BOX
(ONE WAY)**

**THROUGH BOX
(TWO WAYS)**

ANGLE BOX

**TEE BOX
(3 WAYS)**

**CROSS BOX
(4 WAYS)**

MATERIAL : ALUMINIUM ALLOY

INTERNAL DIMENSION	57.5mm x 23mm deep				
AVAILABLE SIZES(Inch)	3/4"	1"	1 1/4"	1 1/2"	2"
AVAILABLE SIZES(mm)	20mm	25mm			

INSPECTION ELBOW

INSPECTION BEND

INSPECTION TEE

MATERIAL : ALUMINIUM ALLOY

***COMPLETE WITH: COVER AND SCREWS (5/32" X 1/4")**

AVAILABLE SIZES(Inch)	3/4"	1"	1 1/4"	1 1/2"	2"
AVAILABLE SIZES(mm)	20mm	25mm			

Notes: Optional Item

Aluminium Alloy Die-Casting Conduit Fitting Accessories without thread for sizes 3/4" & 1" are available on request

FLEX TUBING ADAPTOR

MATERIAL : ALUMINIUM ALLOY

***COMPLETE WITH: SCREWS (5/32" X 1/4")**

AVAILABLE SIZES(Inch)	1/2" X 3/4"	5/8" X 3/4"	3/4" X 3/4"	3/4" X 1"	1" X 1"	1 1/4" X 1 1/4"	1 1/2" X 1 1/2"	2" X 2"
AVAILABLE SIZES(mm)	20mm x 19mm							

(Suitable to BS 4568/BS31 where applicable)

SADDLE BAR

MATERIAL : GALVANISED STEE

AVAILABLE SIZES(Inch)	$\frac{3}{4}$ "	1"	1 $\frac{1}{4}$ "	1 $\frac{1}{2}$ "	
-----------------------	-----------------	----	-------------------	-------------------	--

HALF SADDLE

MATERIAL : GALVANISED STEE

AVAILABLE SIZES(Inch)	$\frac{3}{4}$ "	1"	1 $\frac{1}{4}$ "	1 $\frac{1}{2}$ "	
-----------------------	-----------------	----	-------------------	-------------------	--

BALL & SOCKET

MATERIAL : ALUMINIUM ALLOY

AVAILABLE SIZES(Inch)	$\frac{3}{4}$ "				
-----------------------	-----------------	--	--	--	--

LOCK NUT

MATERIAL : ALUMINIUM ALLOY

AVAILABLE SIZES(Inch)	$\frac{3}{4}$ "	1"	1 $\frac{1}{4}$ "	1 $\frac{1}{2}$ "	2"
AVAILABLE SIZES(mm)	20mm	25mm			

SCREW REDUCER

MATERIAL : ALUMINIUM ALLOY

AVAILABLE SIZES(Inch)	$\frac{3}{4}$ " x 1"	$\frac{3}{4}$ " x 1 $\frac{1}{4}$ "	$\frac{3}{4}$ " x 1 $\frac{1}{2}$ "	1" x 1 $\frac{1}{4}$ "	1" x 1 $\frac{1}{2}$ "
	1 $\frac{1}{4}$ " x 1 $\frac{1}{2}$ "	$\frac{3}{4}$ " x 2"	1 $\frac{1}{4}$ " x 2"	1 $\frac{1}{2}$ " x 2"	1" x 2"
AVAILABLE SIZES(mm)	20mm x 25mm				

CONDUIT SOCKET

MATERIAL : ALUMINIUM ALLOY

AVAILABLE SIZES(Inch)	$\frac{3}{4}$ "	1"			
AVAILABLE SIZES(mm)	20mm	25mm			

DOME COVER

MATERIAL : ALUMINIUM ALLOY

AVAILABLE SIZES(Inch)	$\frac{3}{4}$ "	1"			
AVAILABLE SIZES(mm)	20mm	25mm			

(Suitable to BS 4568/BS31 where applicable)

Over a period of 20 years in die casting manufacturing field. **Pan Union Metal Industries Sdn. Bhd.** has designed and manufactured a variety flow application systems to meet our customer need.

Pan Union Metal Industrial Sdn. Bhd. is one of the pioneers in conduit fitting accessories manufacturing. Beside that we also accept sub contract job or OEM basis in aluminium alloy and zinc alloy die casting.

Currently our die casting machine load ranging from 80ton, 125ton, 135ton, 250ton and 350ton to fulfils customer request. All works and services are provided by experienced, well trained team to meet with your specific requirement.

Here is some of the advantage of aluminum pressure die casting:

- *Consistent quality over high volumes***
- *Tight tolerance achieved as cast***
- *Long life of the die mould***
- *Cost-effective high volume production***
- *Part consolidation eliminates operations***
- *Minimal draft angles on internal features***
- *The unit price is cheaper***

Customer Services

Customer service philosophy can be summed up in two words, "Service & Quality". We are dedicated to service the needs of our customers. We believe there s no substitute for direct personal communication. Our teams understand our customers service needs and product requirements. We offer great quality product and we aggressively pursue faster and more efficient techniques to improve the cost and quality of those products.

ALUMINIUM ALLOY CONDUIT FITTINGS ACCESSORIES

FEATURES

- 1. Light Weight** : Rigid Aluminium Conduit is approximately one third weight of the steel
- 2. Corrosion Resistant** : Aluminium Resists most corrosive atmospheres in industrial environments (corrosion, moisture, and physical damage.)
- 3. Easy to Install** : Aluminium conduit can be easily cut, bent and threaded without special tools.
- 4. Low Maintenance** : Aluminium conduit does not corrode or leave discoloring streaks and stains.
- 5. Non - Sparking** : Aluminium conduit is non-sparking, eliminating a hazard in explosive atmospheres.
- 6. Non - Magnetic** : Aluminium conduit reduces power loss due to voltage drop, resulting in power savings throughout the life of installation.

By alloying **ALUMINIUM** with small percentage of other metals, it achieves very high strength allowing it to be used in many structural application.

Thus, **ALUMINIUM ALLOY DIE-CASTING CONDUIT FITTING**

Accessories threaded & made compatible to BS 31 (Imperial) & 4568 (Metric) are recommended as a replacement & substitution for Galvanized Iron Products.
